

A Reference for High-Quality Vegetable Fats, Oils

WALTER RAU Neusser Öl und Fett AG situated in Food City Neuss, Germany, refines carefully selected vegetable raw materials into high value functional fats and oils for margarines, bakery products, frying fats, sweets, and dairy and meat products. The company uses a modern process and integrated quality management system and is certified according to DIN ISO 9001. The products are of pure vegetable origin – if required they can also be delivered with halal, kosher and FDA certificates.

The company takes into account the different cultural distinctions in addition to trends towards organic products, which fit into today's consumers' behavior. Consumers are more than ever concerned about what they buy and eat; in addition to price and taste, origin, treatment and especially the quality of foods are decisive. WALTER RAU AG is an authorized processor of organic products under EU regulation (EEC) 2092/91 and certified according to the National Organic Program (NOP). As a producer of high-quality vegetable fats and oils for WALTER RAU AG the consumers' health is of great importance. This is why they do not only pay attention to optimum functionality when developing products but also always to the nutritional-physiological balance.

The company will be exhibiting at Food Ingredients 2007 where it will be displaying its innovative products, which not only focus on the price, but also on functionality and above all consumers' health. This year WALTER RAU AG will focus on tailor-made fats, functional oils, milk fat replacer, trans-reduced, kosher and halal as well as GMO-free products.

Well-known vegetable products from Neuss are: Bavetta, Canoletta, Canoin, Choventine, Goldflügel oder Kermenta. Also Kuveretta, Palmatta, Prälisan, Nugamin, Sonnin or Waretta belong to the product range of healthy, functional and yet well-priced oils and fats. ■
